Studio Management Notables

Art Time Studio does not take responsibility for your child(s) actions unrelated to teaching or learning of art during studio time. If they misbehave we will initiate contact with parent(s) or guardian. Studio rules, responsibilities, and student expectations are to be followed at all times. If the problem continues in any inappropriate way, we may ask that your child/student be removed from art class entirely. For their safety, students are asked to stay indoors after classes to await pickup. Please help us in reminding them to stay indoors if awaiting late pickup. For your convenience, Art Time Studio Management will work with you regarding any studio policies and procedures. Again, thank you for your business and support, and choosing Art Time Studios!
